spending the winter at Clarkson
Wash., returned last Friday.

We trust the public will keep
in mind the coming Sunday
School Convention to be held
at Oyen on April 1st and 2nd,
opening at 7 p.m. on April 1st.

We are informed that the Al-
berta Hotel, intended to supply
meals to their guests about the
first of April. For some time
past there has been very little ac-
commodation to travellers and
visitors to the town, and it has
been very inconvenient for a
good many to get a first-class
meal since the hotel closed down.

Friends of the Rev. and Mrs.
Geo. Steele will be sorry to learn
that they are both ill with in-
fluenza and are in the hospital at
Medicine Hat. Rev. Steele is
pastor of a church at Medicine
Hat. Mrs. Steele, who is a
practical nurse, has been out-
ward, nursing influenza patients
during the epidemic, and has ren-
dered valuable service in that dis-
trict.

in Calgary this week.

Mr. and Mrs. W. T. A. Walker
entertained the members of the
Methodist Sunday School Bible

evening. Music singing and
general merry making made
the time pass quickly away, and
everybody present spent a most
enjoyable evening.

The concert which should
have taken place at Benton
Schoolhouse on St. Patrick's
night, has been postponed in-
definitely.

Pte. Walker Gets Home.

Pte. Byron Walker arrived on
the Tuesday train and is re-
newing old acquaintances in
town.

It will be remembered that
Pte. Walker won the D.C.M.
for his bravery, and although
he captured fifty-two Germans
and went through some hard
fighting, he seems to be enjoy-
ing the best of health, and
looks fifty per cent better for
his adventures. He seemed ex-

his old friends.

St. Louis Fur Exchange

Buys Direct From

Trapper.

Due to certain complaints being brought to the notice of the St. Louis Fur Exchange, 7th & Chestnut Streets, St. Louis, Missouri, U.S.A., of unsatisfactory grading of furs as made by some of the advertising fur houses of that market where in January over ten million dollars worth of furs were sold, they are now also receiving shipments of furs from the trapper direct, and are recognized and registered under license P.H.F. 30 with the U.S. War Trade Board and all of the Collectors of Customs, thus insuring free passage of furs when addressed to them with the words "Raw furs of Canadian Origin," on the package or shipping tag. Their advertisement appears on the back page.

Lovevale Items

A splendid talk on the farms problem was given by H. G. Logan to the Lovevale Local U.F.A. at their meeting last week.

Mrs. Harry Webster is very sick. The "flu" we believe.

Mrs. McGhee has been appointed teacher for Lovevale School. We expect school to begin about April 1st.

The Rush Centre Women's Institute held a very successful Sale of Work and Dance.

The financial result was very satisfactory to everyone.

Death of the Son of

Mr. & Mrs. C. Tongas, of Excel.

The death occurred last Friday of Emil, the five year old son of Mr. and Mrs. C. Tongas, of Excel. The little fellow was taken ill with peritonitis and was taken to Calgary for treatment, but upon arrival at the hospital, the doctors gave very little hope of his recovery, and he passed away on Friday.

The funeral service was held in the Sacred Heart Church, on Sunday last, by the Rev. Father Bowen, after which the interment took place at the Oyen Cemetery.

Golden Valley U.F.A. Social.

An Entertainment and Backet Social was held in the Golden Valley Hall, on March 11th.

"A Mock Trial," being one of the important features of the evening. It took longer than was expected and part of the program was left out.

Thanks are cordially extended to all those that took part in the program. Proceeds amounting to \$832.25 go towards the expenses of the two delegates appointed to attend the Convention at Medicine Hat.

Successful Concert
At Superba,

The Superba district has always had the reputation for good concerts and the one on Friday evening last was no exception. There was a lengthy programme of music, songs, and recitations, which were excellently given by the artists.

Special mention must be made of the way the little tots performed their drills, songs, and recitations, and great praise is due the teacher who was responsible for their training.

Several people from Oyen also rendered valuable assistance on the programme.

There was considerable competition for the pies, and good prices were realized. As a result of the effort over seventy dollars was realized.

THE DAIRY COW.

The dairy cow is a thing of charm. She lifts the morgan from the farm, and makes the farmer's life more sweet, and sets him down on easy street. Where'er the dairy cow is seen, a country prosperous is seen, and dairymen in joyful ranks, are packing bullock to the banks. Why plug along the old day, producing nutmegs, prunes and hay, and putting up a bankrupt wall if one year's crop should chance to fail, there is a better method now, the method of the dairy cow: this critter always earns her keep, and piles up riches while you sleep, and pays the taxes and the rents and here in Western Canada, gents, we have the climate and the feed, and all conditions dairies need. So let us boost the Holstein cow, which beats the old breed-loading plug, the Guernsey and the Jersey too, as smooth as any cow in view. Let's talk up dairies, milk cream, the safest money-making scheme.—WALT MASON.

After a few preliminary greetings, he asked: "Can you skate, Miss de Rochefort?"

"Rather," she answered. "I simply love to skate."

"Well, I've just had a note from old Rodgers," he replied. "You know him, don't you? The fellow who owns that property at the back of the village—his grounds are just the place for skating."

"I will go along, then, and skate. Do you feel up to it? I don't think it could possibly hurt you. You care for it. Not for long, you know, but just until you begin to feel better."

"I would like to," she said. "I have never skated before."

"Well, I'll simply tell you," she answered. "But I haven't any skates. Unless Marie could lend me a pair. We spent the Christmas before we came here, and I had a perfectly ripping pair of skates then. Come you and find Marie."

"Oh, Marie!" the maid answered. "I think I'll find a pair of skates for you. I'll go and look them up for you. I'll find them for you."

"I'm afraid there's no hurry, Miss de Rochefort," Anthony said regretfully. "That is, I don't want to come with you to Mr. Rodgers' place. I know I'll be there, but I'll be there after lunch, and if I start now I'll be there before lunch."

"I'll be there after lunch, and if I start now I'll be there before lunch," she said. "I'll be there after lunch, and if I start now I'll be there before lunch."

looked upon before. They had seen Anthony skating the previous year, and had greatly admired his skill and his efficiency, but here was Viola, equal to him as good as he, and together they danced and did something better to perfection.

She was a really good skater, graceful and self-conscious, utterly confident and nervous, and after a few minutes she was skating as well as Anthony.

Then Anthony, saying that she would be tiring herself beyond her strength, suggested a rest. He took her to a quiet table with Viola, for almost every good present rushed up to be introduced to the mysterious beauty of the village tragedy, and in sheer self-defence she had to take to the ice once more.

By this time the sun was setting brightly and the frosty night was reflecting itself in vivid lines in the clear, almost downy, and quiet the nerves so that a good night's rest follows their use.

and I woke as he closed the door. Olivia was sitting up in bed and she tried to scream, but he hit her on the head with his hand and struck her on the head, and she fell back. Medicine Hat contractors report prospects for work in the building of the new hospital at North Battleford, new mental hospital at South Saskatchewan, location not decided on, and the plans for the police headquarters.

The erection of permanent blocks in Moose Jaw as a means of compensating the lack of a sufficient number of modern houses for those who do not feel disposed to take a larger house, as well as for the use of newly-married couples or people with just one child, is advocated by Hugh McKellar, secretary of the board of trade, who, after a very thorough examination of the housing difficulty, suggests that at least four such blocks be built this year. He considers that the erection of such blocks will be a very paying proposition, and at the same time do much in relieving the housing problem as it exists in Moose Jaw.

Within the past week some business announcements of importance have been made in Regina, indicating that there will be development this spring, regardless of the unsettled state caused by the ending of the war. The Bank of Montreal, which has a large business there and a fine banking office, is doubling the size of its premises; the Robert Bell Engineering Company is erecting a new warehouse, and the Regina Trading Company has acquired the old hospital site at a cost of \$60,000, and will erect a four-story departmental store of fireproof construction.

Building activity in Regina is gradually regaining its pre-war character, according to the amount of the building permits issued in February. The total amount of the permits for the month is \$37,500, which is by far the largest for the same period during the last five years. There is considerable building activity in the recently laid-off buildings this year, and several of the permits issued the past month are for houses, or for alterations to buildings, to make them suitable for residences.

Among the first of the public works to be undertaken this year by the Saskatchewan government will be new headquarters for the provincial police, which will be erected on the site of the old telephone office in Regina. The provincial architect's office is now busily engaged on the plans for the new building, a number of public buildings which were provided for in the estimates, on which work will begin as soon as possible this spring. Among these

Within the past week some business announcements of importance have been made in Regina, indicating that there will be development this spring, regardless of the unsettled state caused by the ending of the war. The Bank of Montreal, which has a large business there and a fine banking office, is doubling the size of its premises; the Robert Bell Engineering Company is erecting a new warehouse, and the Regina Trading Company has acquired the old hospital site at a cost of \$60,000, and will erect a four-story departmental store of fireproof construction.

CORPORAL PARKER SPEAKS AT BOARD OF TRADE MEETING

At a Board of Trade meeting held last Thursday evening in the Masonic Hall, Corporal Parker, a returned veteran and a representative of the National Finance Department, spoke to the members on the selling of War Savings Stamps. Corp. Parker explained very forcibly how the government needed money in order to take care of the returned soldiers, and that if Canada wanted to trade with the war stricken countries she would have to be in a position to allow them credit until such time as they were in a position to pay cash for the produce. He said if the government had to do this it was necessary that they have some means of raising money to carry on this work, and the selling of Thrift Stamps, although the amount seemed very small, yet if everybody bought these stamps it would amount up several million dollars, which meant something to a government who was trying to do justice to the returned soldier and to try and make trade for the people of Canada. Corp. Parker said the reason for his visit here was to try and organize a committee who would go out into the country and try and interest the country folk in the buying of these war stamps, which would not only be a good thing for the country, but it would create thrift in every walk of life. The following local men were elected on the committee: Chairman, J. J. Kelly, A. Fry, W. Miller and Robt. Smith.

EXCEL ITEMS

Mrs. G. Gallekson entertained a number of friends at a whisky drive last week. All present had a most enjoyable evening.

A surprise party given by the young folk of this district to Mrs. Howard and daughter last Thursday evening proved a great success. Many words of welcome were received, making a most fraternal feeling. Games were played until the wee sma' hours of the morning. During the evening supper was served. This is the only surprise party given this winter and everybody present seemed to be of the opinion that it was a pity not more such evenings were held during the winter months.
